**Subject:** RE: other reports

Hi Heather,

As lead agency I believe the Corps would be the best place to go for these reports. In fact, they may even be on the Chuitna SEIS extranet site. Thanks.

Jamie and Phil,

I have retained an expert to review the Chuitna Water Management Plan and our expert needs additional information which was apparently relied upon. Do either of you have the sources that they ask for below or any suggestions for how to acquire the sources?

Much appreciated, Heather

**Subject:** other reports

Hi Heather,

I've been reviewing the Chuitna water management plan and wondered if you had access to a few other reports that are relied upon fairly heavily in the conceptual model of the site and the estimation of flow alterations:

- 1) Arcadis (2012) Chuitna Coal Project; Groundwater Model Report. August 2012. Highlands Ranch, Colorado.

- 2) Riverside Technology, Inc. (RTI) (2009) Chuitna Coal Project Surface Water 2009 Update Baseline Report, prepared for: PacRim Coal. February 2009, Ft. Collins, CO.
- 3) Riverside Technology, Inc. (RTI) (2007) Chuitna Coal Project Hydrology Component Baseline Report, prepared for: PacRim Coal. March 2007, Ft. Collins, CO.

Also, it looks like we did not get Appendix A of the water management plan (water management plan maps). Could you also send this along if you have it?

Thanks,  
Cam
